VOLUME 38

FRIDAY JULY 12th, 1940

NUMBER 15

Annual Change Of Rotary Officers

Frank R. Taylor, new President of the local Rotary Club took charge of his initial meeting last Monday. Attendance was small due to so many being away on holidays, but an interesting and beneficial meeting was held.

Past President S. I. May gave a brief report of last year's activities, and President Frank outlined a few projects he would like to see carried out during the coming year.

John Dykes of the Lethbridge Club spoke to the club for a few minutes on "Service Above Self" and made some very pointed comparisons about getting out of Rotary, just what we put into it, and no more, and said that the same thing held true of other things too.

Past President Max Hoffman of Lethbridge also was a speaker and referred to some opportunities for Rotary education mentioning especially attendance at District and International Conventions. He said membership in Rotary opened many doors for Rotarians and broadened their opportunities for education in every line. Enthusiasm, he said was one thing we all needed and whenever we were enthusiastic about anything we were always a booster for it. So, if we would get enthusiastic about Rotary we would be to all our Club meetings and would be interested in every Rotary program and project.

The committees for the coming year are as follows:

Frank Taylor—President.
Heber Allen—Vice.
Mose Fromm—Secretary.
In each committee the first named is Chairman.
Community Service Committee: T. Geo. Wood, H. J. Wells, and Hyrum Fromm.
Vocational Service Committee: Tom Roberts, Jim Meeks and H. F. Allen.
International Service Committee: Frank Hall, Lee Brewerton and Mose Fromm.
Club Service Committee: C. R. Wing, Warren Jones and Arnold Zabriskie.
Program Committee: Warren Jones, Don Merrill and Frank Thorpe.
Classification and Membership Fellowship and Attendance Committee: Arnold Zabriskie, S. I. May, Nels Peterson and Jack Madill.

The local Red Cross this week received a donation of \$50 from the Raymond Hungarian Society, the proceeds of a dance held the night of Dominion Day. The local committee appreciate greatly this fine showing from the society.

Southern Alberta Boys In Money At Calgary

The reports of the Calgary Stampede today, show Raymond and Southern Alberta riders and ropers in the money each day in the various Stampede events, and while we don't know whether these reports cover all of them or not, here are what we have read and have been given as authentic:

Monday: Art Lund was first in the Canadian Bucking Horse Championship; Herschel Lund and we think Clark Lund took first in the Steer Decorating; third in the Canadian event. Frank Duce of Cardston was first in the bareback bucking making the best attendance horse riding; in the roping all record since 1929, and local the money went to South Alberta visitors returning from the Ex-tans, Ed. Burton and D. R. Forbition and Stampede are high-syth, 1st and 2nd in the North American; Toots Burton, Ed. Ducted with the big Western and George Lask third and Canada Show.

WEDDING BELLS

WILDE — JACOBS

The wedding was solemnized at the Cardston Temple on Wednesday this week of Kenneth A. eldest son of Mr. and Mrs. A. A. Wilde of Welling and Lorna daughter of Mr. and Mrs. Jas. Jacobs of Mountain View. Parents of both young people, as well as other relatives were present to witness the ceremony and to extend best wishes to the young couple for happiness in their matrimonial journey.

The groom recently returned from a mission for the L.D.S. Church in Tahiti and is now engaged with his father and brother on the farm. The bride taught school last year at Welling where the happy romance started.

The young couple will make their home in Welling after they return from their honeymoon.

MELDRUM — FRANK

Another wedding of interest to Raymond people was the marriage on Wednesday at the Cardston Temple of Ralph, son of David and the late Mrs. Meldrum and Donna Frank, daughter of Mr. and Mrs. J. A. Johansen of Woolford. Relatives of this couple were in attendance to witness the ceremony which was performed by Pres. Edw. J. Wood.

After a honeymoon trip Ralph and Donna will make their home on the Meldrum farm west of town. The bride has been on the school staff for a number of years past, and has now resigned, and Ralph since he finished school has assisted his father in the operation of the farm.

The Recorder joins with the many friends of these young people in extending best wishes for a long and happy married life.

Mr. and Mrs. Ernie Organ are on a holiday trip to Calgary and points north. They will return this week end.

Ab. Hague is driving a new Ford V8 recently purchased from King Motors. He has just completed his garage for the new car.

A number of Raymond people attended the opening of Magrath Lions' new pool on Wednesday night of Dominion Day. Although the crowd was a little disappointing to those in charge of the opening.

Defence Minister Approves Movies War Stamp Drive

Toronto, July 10 (Special) In an official letter to N. L. Nathanson, national chairman of the Win the War Campaign of the Motion Picture Industry which has organized special shows in all theatres on Monday evening, July 15, to which admission is obtained by the purchase of War Savings Stamps, Hon. J. L. Ralston, C.M.G., D.S.O., Minister of National Defence, has endorsed the drive in the following words:

"On behalf of the Government I should like to express to you, and through you to the Motion Picture Industry, our warm appreciation of the effort now being put forward by the industry to contribute to the success of which are to be held throughout the War Savings Campaign. The special film showings on Monday evening, July 15, will have, I am sure, a very wide appeal and will serve in a striking way to focus attention on the campaign. The proceeds from the showings themselves will be a most valuable contribution. As the project will involve a great deal of work and sacrifice on the part of a large number of people I should be grateful if you would convey to all concerned, both in Canada and the United States, our sense of obligation to them."

NEWS NOTES

Dr. and Mrs. Hall went to Calgary for the Stampede and returned home Tuesday and Wednesday.

Mark Spencer, representing Plunkett and Savage, Lethbridge was over his district for the first time last week. Mrs. Spencer was with him.

Mr. and Mrs. W. L. Jones and Mr. and Mrs. T. T. Mendenhall are on a holiday trip to Vancouver and other Pacific coast points. They will return the end of this week.

Mr. and Mrs. J. F. Judd and family returned the last of the week after a trip over the new Banff-Jasper highway. Jack reported a very pleasant and decidedly interesting trip seeing beautiful scenery and a great deal of wild life.

Mr. and Mrs. Louis Brandley and Mr. and Mrs. Noel Brandley, the latter of Stirling, took a trip over the new Banff-Jasper highway last week, spending most of the week away.

W.H. Beacom and A.O. Peterson, members of the Magrath Lions Club were in Raymond Friday arranging for printing for the Swimming Pool opening which was held Wednesday.

The conjoint meeting Sunday evening was largely attended by members of both wards, and the excellent program was thoroughly enjoyed by everyone present. Lee Brewerton of the 1st Ward Y.M.C.A. presidency was in charge of the meeting. Bishop Steele's talk on "The World Tomorrow" was exceptionally interesting.

Alberta Leads All Canada

"Alberta stands first in Canadian volunteers, through whom the aid, in provincial organization aim was being achieved of es- under the nation-wide War Savings Plan," John Burns, chairman of the War Savings Committee for Alberta, stated today in his return from a business which committees had already trip east, in the course of which been organized, Mr. Burns re- ferred with the National marked that it was not, and War Savings Committee in Ot- tawa.

Mr. Burns added that the National Committee was most coverage of the province, from pleased with the work already the Peace River country to, the done in Alberta, and with the whole plan developed in this province and to be completed R. Milner, K.C., of Edmonton, organization has been completed in the near future.

"However, we must not be satisfied," the provincial chair- man cautioned, "especially in Fort Saskatchewan. Grand view of these recent develop- ments in Europe. Britain is Morinville, Peace River, Provost now the last European bulwark of freedom. Here at home the Spirit River, Vegreville, Vermilion, and the Viking and Wainwright. meaning of our War Savings slogan in Alberta, "Democracy or Dictatorship — Which?" has more fully been brought home through the Rotary Club a drive has already been carried out, and in Armada, Banff, neither those who have accept- ed responsibility in the work, Champion, Delia, Drumheller nor the people of Alberta, can Hanna, High River, Milo, Queen afford to slack up after first stown, Richdale, Scotfield, Shon enthusiasm. When we have re- licted, Stanmore, Strathmore, ached any mark we have set and Turner Valley.

for ourselves, we must set a higher mark. Canada needs our dollars now, and we will need that city, Bow Island, Brooks, then later. The big thing right Burdett, Irvine, Redcliff and now, and until the war is won, is for us all to become War Savers to the limit, and keep at it."

Mr. Burns expressed warm appreciation of the scores of and Waterton Lakes.

Militia Unit To Be Organized

GOLDEN FLEECE MILL NOTES

E. P. Tanner, Manager of the Golden Fleece Woolen Mills in Magrath was a Raymond visitor on Saturday and spent a few minutes in the Recorder Office.

He reported the mill as working steadily now, awaiting reports from recent samples on military blankets sent to Ottawa. One sample was returned, the wool used in it being to fine. A coarser wool was obtained and a new sample submitted, which is expected to meet all requirements. Local wool generally, is too fine for most blanket work, and it is possible that clips from other sections of the province may have to be used, at least in part, to get a perfectly satisfactory job.

Wool batts are going out to distributors steadily, and with cool weather approaching, it is likely that a good demand will develop for blankets of various weights and size. The provincial slogan "What Alberta Makes, Makes Alberta" is true with this industry, and Southern Alberta people particularly, should give it every support.

NEWS NOTES

Fromm's were busy Thursday putting Ten Test on the part of the building they will use for their jewelry shop. Art Pope will move into the north suite of the building the first part of the week.

Mr. and Mrs. L. D. King, Mr. and Mrs. A. J. Walton and Mr. and Mrs. Lee Brewerton were all at the Calgary Stampede for the opening of the show on Monday and stayed for part of the week.

Jim Hamling, Presiding Elder of the Tyrell's Lake branch was in Raymond Monday, after materials for the alterations and improvements they are going to make in their recently purchased church house there.

Mr. and Mrs. Sid Schow were Cardston visitors Saturday and Sunday, Sid returning Sunday evening to go to work, and Mrs. Schow remaining in Cardston for a few days to bottle strawberries from the large strawberry field of Sid's father, Geo. S. Schow.

Local Red Cross Work Room Busy

To give our readers some en's Institute, 1 from Neighborhood Club, 1 from Mr. C. Brew- plished by the local Red Cross, erton and 4 from 4 different we are very glad to publish the Sewing Clubs. attached list which was handed Knitting—296 socks, 80 sweat to us and should have been pub- 30 scarfs, 28 mitts, 10 lished last week but was crowd helmets and 6 pair wristlets, making a total of 450 pieces of ed out.

On the emergency call for blankets the following were Sewing—Pyjamas 113, hos- donated 2 by Mrs. C. R. Wing, pital gowns 60, Pneumonia jack 2 by Ladies Literary Society, etc 42, Pillow cases 120, Bed 2 by Book Lovers Score, 2 by jackets 12, Dressing gowns 9. The Work Committee of the Sheets 4, making 357 pieces of Red Cross, 2 by Ladies Aid, 2 sewing.

by The Readers Progress Club and the H.C.A. & L Club, and 7 by Mrs. P. W. Cope, making 19 blankets. These were sent in immediately.

Quilts sent in to date number ed 21 donated by the following: 5 from 1st Ward Relief Society 5 from 2nd Ward Relief Society 1 from the Ladies Aid, 1 from Family Relationship Class, 1 by 2nd Ward Primary, 1 from Handicraft Club, 1 from Wom- en's Institute, 1 from Neighbor- hood Club, 1 from Mr. C. Brew- plished by the local Red Cross, erton and 4 from 4 different we are very glad to publish the Sewing Clubs. Knitting—296 socks, 80 sweat to us and should have been pub- 30 scarfs, 28 mitts, 10 lished last week but was crowd helmets and 6 pair wristlets, making a total of 450 pieces of ed out.

303 bandages have been made and sent. A grand total of 1119 pieces of work done.

There is a great need for more work and anyone desirous of assisting can get work to take home any Tuesday or Friday afternoon from the room. If any desire to learn knitting we understand there is a class being held for this, so that any one with spare time might assist the Red Cross in either sewing or knitting.

JOIN THE "STOP HITLER" PARADE

Raymond will have another parade next Monday. Not a showy as our Dominion Day Parade is true, but vastly more important, and one in which everyone of us should join gladly, and willingly to assist in a great and noble cause.

This parade Monday night will be to the Capitol Theatre, where through the generosity of its genial manager Leo Brewerton, with theatre managers across all of Canada, are devoting the entire proceeds of Monday night's performances to the War Fund of the Dominion Government. Theatre managers hope to raise one million dollars for Canada's war chest in this one night drive. Will they succeed? You and I have the answer.

Every patron to the show buys 2 war savings stamps at 25c each, which he retains. In reality the performance costs you nothing, you spend 50c, per person, but, you keep your war

savings stamps and have the foundation of your first \$5.00 certificate. The War Savings Stamps, purchased regularly by every Canadian are the things that would go a long way to winning the war, and in this regard, every postmaster across Canada has received the following letter containing pointed suggestions for the prosecution of these sales as follows:

"The fact that the Government has had to impose new taxation to raise money for war effort should serve only to bring home to each person how important it is that funds must be made available. Individuals should see in these emergency measures all the more reason to purchase War Savings certificates, and under no circumstances to curtail their purchases of these certificates or War savings stamps. The emergency calls for additional self sacrifice that the purchases may be made both continuously and systematically. If the men who are fighting our battles are to receive the tanks, planes and military equipment that victory requires, money must be forthcoming without stint.

Postmasters can help impress on the public the importance of continuing to buy War Savings Certificates, regularly and systematically by speaking of this need to patrons and private acquaintances, whenever the opportunity offers. They also can help by buying War Savings Certificates and War Savings Stamps to the extent of their

NEWS NOTES

A fire burned off part of the roof of Jos. Kovrig's home early Wednesday morning. Faulty wiring, causing a short circuit in the light wires is blamed for the fire.

Arthur Wannop, Nanton farmer, aged 60, is dead, and his son Leslie, aged 18, is lying in the High River Hospital under the doctor's care after the north bound C.P.R. Passenger train struck the truck in which they were riding, carrying it along the track for 200 feet. The dead man was thrown from the truck but the boy was still in it when the train was brought to a stop. The train was delayed while an inquiry was conducted by the coroner and an inquest has been ordered. The wife, son and five daughters are left to mourn the untimely death of husband and father.

Individual ability.

Canada looks to all her people to thus Serve by Saving, in her hour of need.

Keep Monday night open. Join the "Stop Hitler" Parade. Parade to the Capitol, and be there by 8:30. Lec will do the rest. What he gives you a fine program headed by Kay Keyser in "That's Right, Your Wrong." Bring your four bits and get your savings stamps, then sit down and enjoy the show. Do your bit for Canada and the boys who are already fighting our battles for us.

The Annual Field Day

Every year the Experimental Station holds an extensive field day at which all aspects of work on the Station are made available for inspection. Unfortunately many of the farmers do not avail themselves of the privilege of attending this field day. If a farmer stops to consider how much money and time are spent every year at the Experimental Station in determining the best agricultural practice in developing the most profitable varieties of grains, alfalfa, sugar beets, small fruits and vegetables, in building up the highest producing strains of dairy cattle and poultry, he will realize that he cannot afford to miss this day in the midst of agriculture at its best.

The Experimental Station presents the most comprehensive picture of agriculture that can be observed anywhere in Southern Alberta. Extensive cultural tests on dry land are being carried out. One plot of ground has had a crop of wheat grown on it every year since

1911. Nearby is a comparison of 12 years duration of ploughed and ploughless fallows. Here also can be observed the effects of using different kinds of implements in leaving a trash cover, in conserving moisture and in checking soil drift. Plots showing the effect of fertilizer, barnyard manure, green manure crops and different rates of seeding are also included in the dry land experiments.

The irrigation farmer will be interested in the most profitable type of rotation applicable to his farm. Here he can see both short and long rotations, those including manure and those without, those utilizing commercial fertilizer and those not. He can also observe the effect of sweet clover peas and oats in a rotation, the value of alfalfa in a rotation & the different means of controlling weeds under irrigated farming.

The interested live stock man will see the fine collection of horses being bred from the outstanding Percheron stallion Chief Laet. A high producing herd of Holstein dairy cattle is milked twice a day on the farm and 300 eggs are picked up every day from the profitable Barred Rock poultry flocks. Honey bees industriously store honey in the up to date apiary of 85 hives. Acres of vegetable gardens and small fruit bushes together with larger fruit orchards demonstrate ways to keep the cost of living down on the farm.

Of interest to the ladies and other lovers of beauty will be the large flower gardens containing practically all varieties of the wide lawn and the various ornamental and shade trees. A

Roi Stone has been holidaying this week from his position in Stone's Store.

Three tourists from Debden, Sask., Cecil Dement, Delima Huot and Al Labrecque were killed Tuesday on the Cariboo highway when their car plunged over a 600 foot embankment just after coming out of a tunnel seven miles east of Boston Bar. Three other Huot sisters, Blanche, Alice and Ambeline are injured, and are in the hospital. The party were returning from a trip to Vancouver. The accident is being investigated.

A STATEMENT ON FORD WAR WORK IN CANADA

This Company is in the war to the full limit of its resources. Until the British Empire is victorious, until the battle for freedom of nations and liberty of peoples is won, we have pledged all the vast manufacturing facilities of our Canadian and overseas affiliated companies to the service of the Empire.

We regard this to be our simple duty as a Canadian institution, one of the industrial resources of the Dominion. The 8,400 employees in our plants as well as our widespread dealer and service organization from coast to coast are Canadian. The Company's shareholders include a large proportion of Canadian investors. No one individual, family or company has a majority control of our shares.

For these reasons, aside from our deep feeling of loyalty to the Empire and its high purposes, it is fitting that Ford Motor Company of Canada, Limited should give whole-hearted support to the national war effort.

From the very beginning this has been our course. Even before war was declared, in co-operation with officers of the Department of National Defence, we laid in our plant the groundwork of military production. Since conflict became a reality we have given war orders precedence over everything else. More than fifty per cent of our production is in vehicles for military use and this percentage is increasing rapidly.

We are now engaged in supplying approximately 35,000 motorized vehicles of many types, of which 10,000 are for the Canadian government and 25,000 for other Empire governments.

We are constructing at our own expense a \$700,000

plant addition to provide facilities for the building of Universal machine gun carriers of which we have undertaken to deliver fifty a week to the Canadian government as soon as production can be started. This addition will also enable us to increase production of other types of military vehicles. Our affiliated companies with plants in South Africa, Australia, New Zealand, India and Malaya are similarly engaged in Empire service.

Beyond our manufacturing facilities we have been fortunately able to contribute skilled man-power. From our Canadian and overseas organization, engineers and men with special training in transport and other lines are rendering valuable service.

Major adjustments in our business have been necessary through loss of export trade and because of domestic taxation. We have made these adjustments cheerfully. Our one concern now is the successful prosecution of this war so that people of all nations may again be able to work in freedom and peace.

M. J. Campbell
PRESIDENT

FORD MOTOR COMPANY OF CANADA, LIMITED

Statement in Parliament by the Hon. C. D. Howe, Minister of Munitions and Supply

"The president of the Canadian Company has shown perhaps as keen a desire to assist in Canada's war effort as any citizen of this Dominion has done. His corporation since the outbreak of the war has done and is doing very important work for Canada's war effort, in the way of building motor transports and Universal carriers. The company has placed itself entirely in the hands of the government as to the terms of the contract which it has had.

"A contract, providing for a fixed price as low as we could find any basis for asking, was worked out; an overriding provision was inserted that the books of the company would be audited and if the stipulated price produced a profit more than a very low percentage indeed, that price would be scaled down accordingly. In other words, the work of the Ford Motor Company of Canada, its attitude toward the war, and its ability to assist in Canada's war effort, have been so far as I have been able to observe, beyond criticism."

Statement in Senate by Senator Raoul Dandurand, Government Leader in the Senate

"Ford Motor Company of Canada is doing its utmost to serve the interests of the country, the War Supply Board and the Government."

Statement in the Senate by Rt. Hon. Arthur Meighen, Conservative Leader in the Senate

"They (Ford dealers in Canada) are numbered in the hundreds. And the number of employees of these dealers is very large. The ramifications are tremendous. For all the purposes concerning us, the Company is a Canadian concern, and I can add to the assurance given by the honourable leader of the House my own feeling that there are no better Canadians than those at the head of the Ford Motor Company of Canada and throughout that Company's organization. They will assist us to the utmost in our war work."

Women's Auxiliary Motor Service

Early in the war the Ford Motor Company of Canada, Limited, organized free training courses for women in the care and operation of motor vehicles for possible war service. 284 such classes have been conducted, with an enrollment of 7,343. The number who have completed the eight-week course is 3,473, with 2,656 now under instruction and 1,214 enrolled in new classes about to start. All instruction and equipment has been furnished by Ford dealers and the Company without charge.

Types of Motorized Vehicles for Military Use Being Made by Ford Motor Company of Canada

The Company is engaged in manufacturing 35,000 motorized vehicles for Canadian and overseas governments. They include light two-wheel drive trucks, known as 8-cwt., which are used for carrying light stores, personnel or wireless sets; 15-cwt. units, used to transport heavier

loads, personnel, as anti-tank gun tractors, water tank carriers, etc.; 30-cwt. four-wheel drive, used as load carriers; three-ton, four and six wheels, for heavy loads, for workshops, for wrecking equipment, etc.; four-wheel drive gun tractors used to land artillery, as well as ambulances and regular passenger cars and station wagons specially fitted and painted for army purposes. Present schedule of deliveries of these military vehicles constitutes more than 50 per cent of the Company's production. The plant is working day and night.
